

NP Peppermint Spirits

Bottled essential oil/alcohol liquid.

Features

- Energizing peppermint essential oil
- Aroma diffuses when wicked with gauze freshening rooms - replaces smells everywhere from gastric operating theaters to small room areas
- Can be used on a cotton ball/pillowcase to calm & counter nausea.
- Can be used via fine-mist sprayer outside of masks or a single drop on outside to freshen.

Directions

- Care space: Roll gauze and insert all but ½ in. into bottle. Turn bottle upside down to wet gauze. When EO aroma diminishes, pull more of gauze out of bottle. Turn upside down to rewet.
- Cotton ball: Put 1-2 drops on puff, wave to air dry, hold under nose
- Pillowcase: Put 1-2 drops on upper corner of pillowcase
- Masks: Put 1 drop in the outside of mask or transfer to fine-mist spray bottle and spray once on the outside of mask. Wave mask to air dry before wearing.
