

EcoCare 250 Odor Eliminator

EcoCare 250 is a general purpose, industrial strength, odor eliminator. It reduces sludge odors, ammonia, mercaptans, hydrogen sulfides and sulphur dioxide, skatoles, indoles and hydrocarbon compounds.

- Concentrated natural fermentation product
- Biodegrades odors - Not a perfume or masking agent
- Non-toxic, non-flammable, non-hazardous
- Biodegradable & environmentally friendly

Odor Source Applications:

REFUSE, RECYCLING & LANDFILLS

- Garbage collection, sorting, storing, hauling
- Site remediation/hauling
- Wet waste degradation

WASTEWATER TREATMENT

- sludge handling
- dewatering
- aeration
- sludge digestion
- primary settling
- septage receiving and pump stations
- scrubber finishing
- Filtered cake hauling/composting

INDUSTRIAL PLANTS

- exhaust stack air release
- scrubber finishing
- sludge/solids removal & hauling
- dewatering
- settling tank holding
- drying beds

COMPOSTING FACILITIES

- windrow top dressing
- windrow turning
- perimeter treatment

Instructions:

Dilute 1:50 - 1:500 depending on odor type and intensity. Apply as fog or fine mist in air system or direct spray on odor source with backpack sprayer or water cannon or other dispersion equipment. Not for use in high-pressure systems.

Contents:

EcoCare 250 contains natural protein enzymes and surfactants derived from cereal, vegetable extracts, carbohydrate ferment.

Handling:

Good handling practice and appropriate PPE should be used when working with concentrated products. Stir contents before using.

Storage:

For maximum effectiveness and longevity store EcoCare 250 below 125° F.
